### 4. Bye Bye Mufasa: The Lion King

#### [KIROS/VERSE 1]

You say you're the king, but you lie  
 Around in the shade, out of shape,  
 Unafraid  
 The moon cuts a path through the sky  
 By night or by day, it doesn't obey  
 And neither do I

#### [PRE-CHORUS]

You took my son  
 I hope you can run

#### [CHORUS]

'Cause I'm gonna be  
 The last thing you see  
 Before you go, bye-bye  
 There you go, bye-bye  
 Climb every tree across land and sea  
 I'll make you go, bye-bye  
 I make you go, bye-bye  
 Everything in my clutches, ha, bye-bye!  
 Everything the light touches

#### [VERSE 2]

The circle of life is a lie  
 A pretty way to say  
 There are predators and prey  
 That circle of vultures up high  
 They keep stealing glances,  
 They don't like your chances  
 And neither do I

#### [PRE-CHORUS]

I run my pride  
 You run and hide

#### [CHORUS]

'Cause I'm gonna be  
 The last thing you see  
 Before you go, bye-bye  
 There you go, bye-bye  
 Climb every tree across land and sea  
 Until you go, bye-bye  
 Will you go? Bye-bye  
 Bye-bye for vengeance is mine

#### [LIONS] Oh

#### [KIROS]

If I'm the last of my line,  
 I must be strong

**[LIONS]**

Like a dream that just doesn't let up,

Let up

And you scream

'Cause you cannot get up, get up

**[KIROS]** Oh

**[KIROS & LIONS]** Bye-bye

**[KIROS]** I'll make you go

**[KIROS & LIONS]** Bye-bye

**[LIONS]** So long

**[KIROS]** Bye-bye
