[VERSE 1] I guess I have to be a lady.

Smiling and waving, constantly obeying.

I guess I need a prince

to come and save me

even if I don't need saving.

I guess I must sit on a throne

I don't own.

Raising the babies we made all alone.

I guess as a lady there's just

some things I'll never knoooooow

[CHORUS] But if I were a man

I'd go to Japan

Maybe swim in the Seign

and learn to speak French

I'd have the whole world

in the palm of my hand.

I'd finally do what I could but I cant-

If I were a man.

[PENELOPE] "Eloise, I have to tell you something."

[ELOISE] "What is it?"

[PENELOPE] "I've come to learn the woman who is with child"

[ELOISE] "Well, Charlotte said that they knew already"

[PENELOPE] "It is a maid"

[ELOISE] "I didn't know they were allowed to get married"

[PENELOPE] "She's not married"

[ELOISE] "She's not married!?"

Well I thought- a woman with child and she's not married!?"

[PENELOPE] "I don't know"

[ELOISE] "We need to find out so it doesn't happen to us!"

[VERSE 2]

I guess I have to go to banquets.

Banquets make me anxious

acting rather shameless.

I guess I need a gown

down past my ankles,

doing up my hair in tangles.

I guess I have to sit still and look pretty.

Dance 'til I'm proper dizzy.

Throw away the life

that I've been missing.

[CHORUS] But if I were a man

I'd summer in Can.

Maybe play in the Seign

and wear my own pants.

I'd have the whole world

in the palm of my hand

I'd finally fly far away from the nest-

If I were a man.

[VERSE 3]

Don't need all the ladies and lords

Just the world to explore.

And I don't care if it's sullen, oh

No extravagant balls.

No gentlemen calls.

and I don't give a rat

if he's handsome and tall.

I don't want to settle and squawk.

We'll never leave-

Unless for a delicate walk. Ohhhh!

What if I-

what if I want to flyyyyyyyyyyyyyyy

[CHORUS] But if I were a man

I'd go to Japan

Maybe swim in the Seine

and learn to speak French.

I'd have the whole world

in the palm of my hand

I'd finally do what I could

but I can't.

If I were a maaaaan

If I were a maaaaaaaaaan!

I'd have the whole world

in the palm of my hand.

I'd finally do what I could

but I can't.

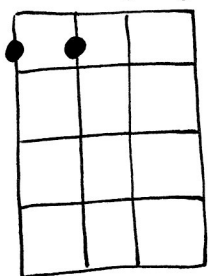

If I were a man.

If I
were A Man
