## 2. Survive EPIC

[ENSEMBLE:]

Po-ly-phe-mus  
Po-ly-phe-mus

[ODYSSEUS:]

My brothers

The rest of our fleet

They wait at the beach

And if we're defeated,

they're good as dead

Straight ahead, that is who we're fighting

[ENSEMBLE:]

Po-ly-phe-mus

[ODYSSEUS (SOLDIERS):]

No backup, no chance for support

So draw out your swords

Our foe must be thwarted

right here and now

Show me how

great is your will to survive

Six hundred lives at stake

It's just one life to take

And when we kill him

then our journey's over

No dying on me now

Defeat is not allowed

We must live through this day so

Fight, fight, fight

[BREAK]

Surround him (*surround him*)

Attack from behind,

keep distance in mind

And stay in his blind spot

and strike his heels (*strike the heels*)

Show him that we're deadly, (*Ha, Ha*)

Exhaust him (*exhaust him*)

Don't let him get close,

he's strong but he's slow

He can't land a blow if we're out of reach

Find a breach

Stand up and fight for your lives
