

Original Key: F #

Capo 3rd Fret

Bad Cinderella Cinderella

[VERSE 1] Bad Cinderella

Cinderella is the catty name

that they call me.

So sad, Cinderella

she's a loner, she's a loon,

a loser that's all me.

[PRE-CHORUS] Girl from the gutter,

unpleasant peasant.

No one, a nutter, unwelcome present.

Cruel taunts you mutter,

ev'ry insult that you utter

makes me strong.

[CHORUS] Call me bad Cinderella

nasty girl, gutter rose

Your unkindness doesn't shock me.

Barking mad Cinderella,

mock my hair and my clothes.

And I hope I have upset you.

Well forget you.

[VERSE 2] Don't point you finger.

Don't you judge me

when you live in plexi-glass houses.

You're cruel and you foolish,

with your trophy wives

and interchangeable spouses.

[PRE-CHORUS]

Cold and uncaring, constantly staring.

Solely concerned with

what you are wearing.

Gossip and shopping,

I'm the opposite of ev'rything you are.

[CHORUS] I am me, Cinderella

I've a style all my own.

And I will not change it for you.

Wild and free Cinderella

you can laugh you can groan.

If you think I won't ignore you

I think "poor you"

[BRIDGE] They call me a wretch,

a witch, well choose one.

Every fairytale for sure can use one.

Sorry I'm so rude,

sorry your so lame.

I won't play your gaaaaame!

[CHORUS] Call me bad Cinderella

I take pride when you sneer.

I am proud that I'm not like you.

Ironclad Cinderella

I face life with no fear.

And a more than sky high IQ

[CHORUS] Yes I'm bad Cinderella

I will not say goodbye.

You've been hateful since I met you

Barking mad Cinderella,

flying high in the sky.

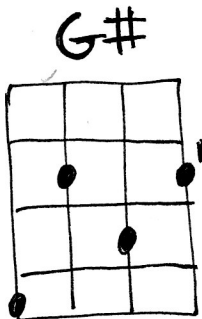

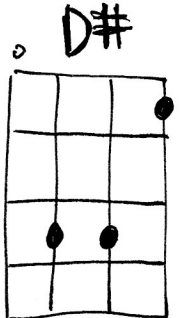

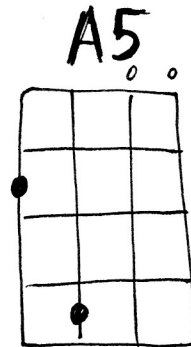

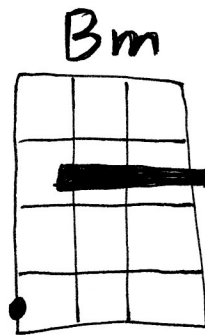

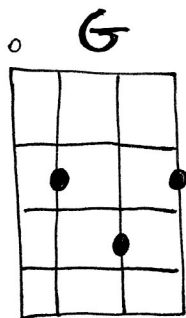

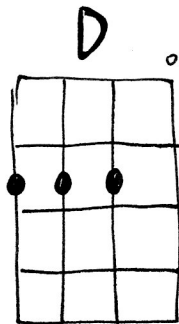

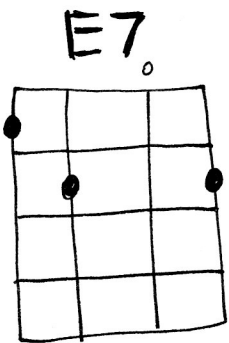

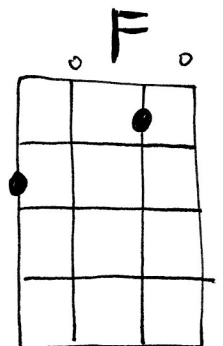

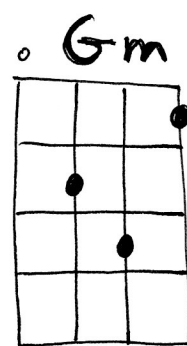

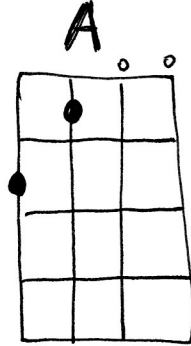

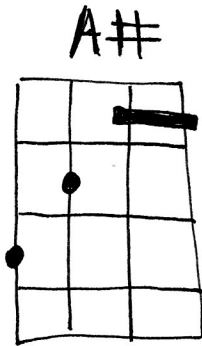

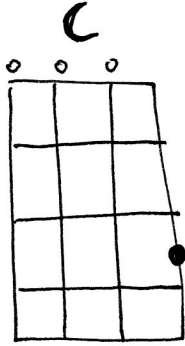

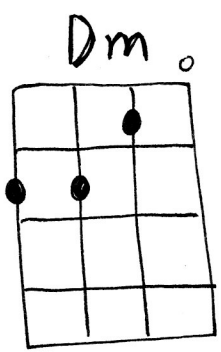

And I hope I have upset you.

Well forget youuuuuuuuuuuuu!
