

### 3. What Do You Want Paul? TGWDLM

[MR. DAVIDSON]

What do you want, Paul?

Tell me what you desire to see

Your deepest intent, Paul

What do you see for this company?

I'm looking for someone

with strong ambition

Someone to sell their specific vision

Someone to share with precise precision

their thoughts

'Cause I want you to want

To want

(spoken) So, what do you want, Paul?

What's that one concrete goal

that motivates all your actions?

[PAUL, spoken]

I don't think I have one of those!

[MR. DAVIDSON, spoken]

Well, then how's anyone

supposed to sympathize with you, Paul?

[PAUL, spoken] I don't know,

I want what anyone wants?

Money, a partner?

Kids, someday, maybe?

[MR. DAVIDSON]

I want you to want, Paul

A man so vague just can't be trusted

Something you pine for

Maybe someone who keeps you lusted

I'm just a boss, I'm not an idea guy

I hire you Pauls to keep our stock high

But if you can't pin

the point that's in the sky

Then I want you to want!

To want

D'you know what I want for myself?

I've waited for so lo-ong

To tell somebody else

Carol, my wife

You're my muse, my source of light

Carol, my love

I want you to choke me out at night

I want you to choke me

I want you to choke me

I want you to choke me while I j\*rk off

I want you to choke me while I j\*rk off

**(spoken)**

Melissa, get my wife on the phone for me

**[PAUL, spoken]**

Mr. Davidson, I think I should leave!

**[MR. DAVIDSON, spoken]**

No, Paul, I want you to hear this,

if you leave, you're fired

Carol! Yes, everything's fine, I promise.

I just wanted to tell you something.

I uh, I forgot what it was.

Maybe someday I'll remember.

Goodbye...

**(sung)**

Paul, now you know what it is to want

**[PAUL, spoken]** I wanna go home!

**[MR. DAVIDSON]**

It consumes a man with a passion

To drive the primary plot

So take up yoga or improv classes

Volunteer at shelters

or Twitch to the masses

There's gotta be something

that'll keep my hands off you

Off you

'Cause I want you to want!

**[PAUL, spoken]**

I'm gonna go get some coffee,

do you want anything?

**[MR. DAVIDSON]**

No, I need you to want!

**[PAUL, spoken]**

How about an iced caramel frappe,

nothing better!

**[MR. DAVIDSON]**

And if you don't want

We're through

**(spoken)** Paul? Paul?

**(sung)** Paul!
