

Original Key: C#m

### 1. West of Worlds Alice By Heart

[INTRO] C#m D | Amaj7 2x

#### [ALICE SPENCER]

There's a world we knew as we

Before, before

A story entered

A tiny key we turned

West of words

#### [ALICE SPENCER & ALFRED HALLAM]

Now we're falling through the ground

And falling slow

The house is tumbling down

Still, we know, we know

All that yearns

West of words, west of words

#### [ALICE]

A rose remembered draws us onward

[ALICE & ALFRED] A world adjourned

West of words

#### [BREAK]

C#m D | Amaj7 2x

[ALICE] There's a hatter holding tea

On madder lawn

A waltz of children

With tall and talking birds

West of words

#### [ALICE & ALFRED]

There's a golden silver song

In the afternoon

A caterpillar poof

He's calling you

Pages turn

West of words, west of words

The lonely tortoise

Crawling onward

A moon that burns

West of words

#### [ALICE & TABATHA]

And something whispers

Of something gone

A little Cheshire purr

[ALICE & ALFRED] West of words

[ALICE] West of words

West of Words
