Just Monika: A DDLC Song Random Encounters

[MONIKA] Welcome to our meeting

[YURI] Are you into reading?

[SAYORI] No need for being coy

[MONIKA] We'll improve your uptake

[NATSUKI] Have a frigging cupcake

And must you bring a boy?

[MONIKA] Time to write some poems,

Don't be scared to show 'em

The festival's days away

[NATSUKI] You could help with baking

[YURI] Or with banner-making

[SAYORI]

And I'll walk home alone today

Maybe we're friends, maybe we're more

How could he love

A simple girl next door?

I'm just not the type he's looking for

[MONIKA]

Hey, Sayori, you doin' okay?

[SAYORI] I'm having a difficult day

[MONIKA] I'd say!

You seem pretty lonely

[MC] I wish I could make her grin

All she wants are things back

The way they've been

[MONIKA]

She's depressed and stressed

And she's feeling blue

So I don't want Sayori

Hangin' around you

[ALL GIRLS] Just Monika, just Monika

Just Monika, just Monika

Just Monika, just Monika

Just Monika, just, just Monika

[NATSUKI]

Manga is my passion,

Don't you dare be bashin'

The writing's got finesse

Maybe you should borrow

These until tomorrow

[NATSUKI, spoken]

Were you looking up my dress?

[YURI] Let's go read a story

[MC] What about Sayori?

[MONIKA]

Let's talk about me instead

I've been learning piano

And I sing soprano

And I can't get you out of my head

[YURI]

Can't look away, can't help but blush

Where did I get

This overwhelming crush?

It's sharp as a knife and twice the rush

[NATUSKI]

Yo, there's something

I think you should know

I've never seen Yuri so—

[YURI]

Sane and chill and still kinda sweaty

And I don't mind cutting to the chase

I'm in love with you

And your gorgeous face

[MONIKA]

That's a sentiment I can't allow

So my dear friend Yuri

Is gettin' the point now

[ALL GIRLS]

Just Monika, just Monika

Just Monika, just Monika

Just Monika, just Monika

Just Monika, just, just Monika

[MONIKA] Could you have guessed?

Maybe you knew

Natsuki is next, I'm deleting her too

We don't need cupcakes or poems or tea

I only need you to love me

Hey, there's no one else in our way

So look at me and just say,

Right here, my dear

That you love me

And we'll sit here 'til the end of time

'Cause I've earned this

And you're finally mine

And I'm sorry what you had to see

But it no longer matters,

'Cause now you belong to me
