

JESTER (Pomni's Song) Black GryphOn

[Verse 1] (What's going on?)

N.C.
 Where am I, what happened,
 And why don't I know my name?
 Am I losing it, am I going insane?
 Why did I ever put that f-ing headset on?
 I just needed a break,
 But now it looks like
 I'm stuck in this game

[Chorus]

Welcome to our digitally,
 Whimsical, eternal parade
 Where we've got infinite adventures,
 Games, and parties to play
 No need to fight it, get excited
 Start accepting your fate
 You'll be here day after, day after,

Day after (Welcome to our-)

[BREAK]

[Verse 2]

Swear I saw an exit here,
 Did it disintegrate?
 There's got to be a way for me
 To get away (You can't)

And I refuse to let that pair of dentures
 Tell me I am here to stay
 But when I close my eyes,
 I still can hear him say

[Chorus]

Welcome to our digitally,
 Whimsical, eternal parade!
 Where we've got infinite adventures,
 Games, and parties to play!
 No need to fight it, get excited!
 Start accepting your fate

You'll be here day after, day after,
 Day after (Welcome to our-)

[BREAK]

[Bridge]

Who am I? I can't re-member
 When did I be-come a jester?
 The others say we can't be free
 They're lost as me
 I need to stay calm,
 And I can't lose my head
 If I don't keep my cool,
 I might end up abstracted!

I don't know my name,
 But I'm stuck in this game
 So, for now, all I can do is say

[Chorus]

"Welcome to this digitally,
 Whimsical, eternal parade!
 Where they've got infinite adventures,
 So we don't go insane
 Try not to lose my mind,
 Until I find a way to escape
 I'll be here day after, day after, day
 After, day after, day after, day after"

[Outro]

Welcome to our digitally,
 Whimsical, eternal parade
 Where we've got infinite adventures,
 Games, and parties to play
 No need to fight it, get excited
 Start accepting your fate
 You'll be here day after, day after, day
 After, day after
 Day after, day after, day after, day after
 Day after, day after, day after, day after
